

NEWS AND GOSSIP FROM HISTORIC GEORGETOWN

Union Services at Dumbarton Avenue Church.

Fourth Year Pupils of Western High School Have a Debate—Personal and General.

The congregations of the Congress Street Church, the West Washington Lutheran Church, the West Washington Baptist Church, the West Street Presbyterian Church, the Peck Memorial Church, and the Dumbarton Avenue Methodist Episcopal Church, beginning tonight, will hold a series of union services at the Dumbarton Avenue Church.

The opening address will be made by Rev. Frank H. Haver, of the latter church. The services will be conducted every night, except Saturday, for two weeks. Different sermons will be given each night. Music will be furnished by a choir composed of representatives from the above-named churches.

The fourth-year pupils of the Western High School held an interesting debate last week, the subject of which was: "Resolved, That an Anglo alliance would be beneficial to the United States." Miss Annie Masterson and Miss Ruth Stauffer constituted the affirmative side, and Messrs. Mahab and Frank Flournoy the negative. The judges gave their decision in favor of the affirmative side. Besides the members of the school a number of friends of the debaters were present.

Rev. Father Ketchum, at all the masses at Trinity Church yesterday morning, discussed Indian Missions. He appealed to the congregation for contributions to assist in carrying on the work of Christianizing the Indians. A society, composed of the ladies of the church, was organized to solicit donations among the parishioners. Each member of the church was asked to contribute 25 cents.

Rev. Dr. J. Huston Eccleston, rector of Emmanuel Church, Baltimore, preached yesterday evening at Christ Episcopal Church.

Miss Margaret J. Oudard died at 3 o'clock this morning. Death was the result of a paralytic stroke, received three or four days ago. Miss Oudard was the daughter of the late J. P. Oudard, for many years recognized as one of the most expert engravers in the employ of the United States. His son, in his chosen specialty of medallion engraving, was distinguished as an artist of unusual ability. They expended the best years of their life in engraving the plates for much of the paper money of the United States. The father was born in Versailles, France.

ELEVEN SMALLPOX CASES.

Three Have Been Discharged From Hospital and Two Admitted.

Charles Brown, of 1412 Madison Street, was released from the hospital Saturday, and about the time he reached home the house on Madison Street was released from quarantine.

Mrs. Kilpatrick and baby were released from the hospital yesterday and later in the day Mrs. Nora V. Cave and her ten-month-old baby were taken to the hospital from the detention camp where they have been under observation since the removal of Levi J. Cave, husband of Mrs. Cave, from their home, 415 Fifth Street Northwest.

The weekly reports of the Marine Hospital Service show 19,184 cases of smallpox in the United States, as against 7,454 at the same time last year.

COMPLAINS OF SIDEWALK.

Objects to Its Sinking When Walked Upon.

Mr. O. H. Reed, of 1216 S Street northwest, has entered complaint with the Commissioners against the condition of the sidewalk on the south side of S Street between Twelfth and Thirteenth Streets northwest. He says the bricks seem to be laid on clay and that when the frost comes out in the spring the bricks sink in when walked upon and the mud comes up, covering the walk.

Mr. C. B. Hunt, the Computing Engineer, has reported upon the matter, stating that the walk while in bad condition is not dangerous, and is not unlike other similar walks in the city laid on ground which has a subsoil filled with water. He says the proper remedy is the construction of a concrete sidewalk on the square and that it should be initiated by a representative percentage of the abutting property owners.

ENDEAVOR UNION TO MEET.

Ministers of Different Denominations to Take Part in Proceedings.

The monthly meeting of the District of Columbia Christian Endeavor Union will be held tonight at the First Congregational Church. The general topic will be "Evangelistic Endeavor."

The programme will consist of a pastors' symposium, in which ministers from different denominations will take part and brief addresses made by Rev. D. W. Skellenger, pastor of the Sixth Presbyterian Church, Mr. W. W. Miller, of Mount Vernon Place M. E. Church, and Mr. W. H. H. Smith, of the Western Presbyterian Church.

Colonel Biddle Thinks It Would Prove Unsatisfactory to All.

Col. John Biddle, the Engineer Commissioner, has asked his associates to return an adverse report on Senate bill No. 3571, "To prevent the filling of street cars beyond their seating capacity within the District of Columbia."

Colonel Biddle states that in his opinion the enactment of the bill would prove unsatisfactory to the public as well as to the railroad companies.

Major Sylvester today received a letter from Mr. D. M. Randall, Sergeant-at-Arms of the Senate, congratulating the Police Department upon the manner in which the police handled the crowds upon the occasion of the two visits to the Capital of Prince Henry of Prussia.

FOR MARYLAND WATERWAYS.

Items Contained in the River and Harbor Bill.

Maryland will fare rather well if Congress accept the river and harbor appropriation bill as prepared in committee. The grand total carried is \$60,700,000.

An appropriation of \$88,000, with a continuing contract provision for \$221,000 additional, is made for the improvement of Spring Gardens basin, South Baltimore. Other appropriations made for Maryland are as follows:

Maintenance of Baltimore harbor, \$25,000; improvement of Annapolis Bay and Patuxent River, \$9,000; improvement of Rock Hall, Queenstown, Claiborne, and Cambridge harbors, and Chester, Choptank, Warwick, Pocomoke, and Wicomico rivers and Tyaskin Creek, \$50,000. The latter appropriation of \$50,000 is grouped by the committee for the reason that it is purposed to expend the full amount upon the rivers and harbors indicated, and if the engineer officers find any money available after improvements upon any one river and harbor are completed they may expend the remainder upon one of the others if it should be found expedient. An appropriation of \$10,000 for the improvement of the Susquehanna River in Maryland is also made in the bill.

Mr. Creamer was an employ in the model shops of the Navy Yard during the past eighteen years. He was widely known for his kind-heartedness and liberality. He was born in Baltimore, Md., in 1860, but came to this city to reside twenty years ago. A widow and one son survive him.

PAID TWENTY DOLLARS BUT DID NOT GET A JOB

Swindling Scheme Charged by a Colored Man.

Alleges That Joseph H. Maxwell and His "Senator" Were to Secure Work for Him.

William Workman, colored, is an easy mark, according to testimony given today at the trial of Joseph H. Maxwell, also colored, who is charged with obtaining money under false pretences. The story told by Workman is that on December 23, last, Maxwell approached him, and said that he was employed at the Capitol, and through the influence of his "Senator" would for \$20 secure him a job, a job which would pay not less than \$60 a month.

The witness said he went to the Capitol and there found Maxwell and some one he represented to be his "Senator," whose name, he said, was "H. G. Ginsey."

An agreement was entered into, the result of which was that Workman paid Maxwell \$20. For this he was given a receipt acknowledging the purpose for which the money was paid and also stipulating that if Workman was not given employment within thirty days his money would be refunded. The receipt is signed "H. G. Ginsey."

Besides the \$20 referred to, Workman testified that he also loaned Maxwell \$48 on the faith of his securing employment in the service of the Government. Mr. H. H. Horner appears as counsel for the defendant, and the Assistant District Attorney represents the Government.

WANTED IN CONNECTICUT.

Proceedings in the Case of the Alleged Poolroom Proprietor.

David Hayes, who was arrested here on Saturday at the instance of the authorities of New Haven, Conn., today filed a petition for a writ of habeas corpus with a view of securing his release from custody. The Connecticut authorities have promised to send a requisition for Hayes, who, it is said, is wanted on the charge of conducting a poolroom.

In his petition Hayes alleges that he is illegally imprisoned at the Sixth precinct police station; that he is arrested on an information which is informal, irregular, and insufficient. The matter came up for hearing before Justice Bradley at 3 o'clock this afternoon.

VISITS NATIONAL ZOO.

Baltimore's Park President Comes Here for Ideas.

Mr. Henry Bishop paid a second visit to the National Zoological Park yesterday, this time in company with President Thomas R. Clendinning, of the Baltimore park board, who has become greatly interested in the plan to make the animal collection at Druid Hill Park, Baltimore, more comprehensive and instructive. They were met here by Mr. William Blackburn, the head animal-keeper at the Zoological Park, who acted as guide, and explained to the visitors what is done to keep the animal specimens in good condition.

Mr. Clendinning was much impressed with what he saw, and the trip is expected to result in the erection at Druid Hill Park of four outdoor inclosures, with proper facilities for housing rare beasts, a new bear pit, a novel raccoon roost, patterned after that in Washington, and twelve outdoor inclosures for the exhibition of American animals, particularly of the cat family. This collection is expected to include various species from the puma, or silver lion, to the Texas wildcat and the Canadian lynx, if one of the latter can be obtained.

SOLD TOO MANY TICKETS.

Success Embarrassing in the I. O. O. F. Help Entertainment.

The Polk Miller entertainment given Saturday night, under the auspices of the I. O. O. F. help committee, proved that success can sometimes be embarrassing.

Tickets for the entertainment had been placed on sale with various members of the order around town, with the unexpected result that more tickets were sold than the hall could accommodate people. The hall was filled to its utmost capacity before 8 o'clock, and the doors had to be closed in the faces of hundreds still clamoring for admission, many of whom had already purchased tickets.

The committee gave back the price of the tickets to such of these as they could reach, and wish all others to return their tickets to the person from whom they purchased and get their money.

Mr. Miller will appear here again shortly on his return from a series of engagements in New York, Boston, and other Northern cities, when it is hoped all his friends will have an opportunity of hearing him.

TINNER FALLS TO INSTANT DEATH

Fatal Accident at the Forest Glen Seminary.

Arthur Raymond's Neck Broken and Skull Crushed by Fall Down a Stairway.

While working in a loft at Forest Glen Seminary this evening Arthur Raymond, thirty-five years of age, a tinner, fell down a flight of stairs, a distance of twenty-seven feet, and was instantly killed.

The man's body rolled onto the small stage located under the loft, where it was picked up by a number of the seminary employes.

Word was sent at once to the Emergency Hospital, and Raymond's body was placed aboard a car, and brought to the District line, where it was met by the ambulance and Sergeant Lutton, of the Tenth precinct. The surgeon examined the body and pronounced life extinct.

The remains were taken to the hospital and placed in the morgue. Upon making a thorough examination at the hospital the surgeons found that the unfortunate man's neck had been broken by the fall and his head crushed in.

Raymond had been employed at the seminary for several years. He is said to have resided in Northeast Washington.

MR. HULL'S GOOD PROSPECTS.

Indications That He Will Easily Win Renomination.

Information received at the Capitol this afternoon indicates a victory for Representative Hull of Iowa, who is now at home in the thick of a fight for renomination. Primaries will be held in his district next Friday and advice received by Mr. Hull's friends this afternoon are to the effect that he will defeat his opponent, Judge Prouty, by two to one.

A RUSH TO BE CHAPLAIN.

Four Hundred Applications for One Naval Vacancy.

The recent complaint of a naval chaplain to Secretary Long that the pay is not commensurate with the work performed by the corps, and that the "self-respect" of officers could not be maintained on such small salaries, seems not to have deterred many other ministers of the country from seeking appointments in the naval service.

Four hundred recently applied for one place, and each week the list grows, although the President has promised the place to Rev. Bowers Reynolds Patrick, of Duluth, Minn., a Baptist clergyman, who was supported for the appointment by Representative Page Morris of that State. Chaplain Patrick will be one of the two ministers of his denomination on the active list of naval chaplains. Another vacancy in the grade will be created next November through the retirement of Chaplain S. D. Boorum, who retires for age.
